

# Directions for Students

**MyMathLab** is an interactive website where you can:

- Self-test to improve your math skills.
- Study more efficiently. Create personalized study plans with exercises that match your book.
- Get help when you need it. Includes multimedia learning aids like videos and animations.
- Talk to a live tutor via a toll free number.

## What do I need to get started?

**Valid Email Address**

**Student Access Code – located in your MyMathLab Student Access Kit**  
**Course ID (from your instructor)**

If you bought a new book at the bookstore your access card was packaged with your text.

## What steps do I take next?

If you have a MyMathLab Student Access Kit, open it to find your student access code and follow steps below.

### Registering with a student access code:

1. Go to <http://www.coursecompass.com> and click on Register as a Student.
2. Enter your six-word student access code (one word in each box, no dashes), school zip code (Pensacola Junior College's school zip code is **32504**), and country.

### Access Code

I		-		-		-		-		-	
---	--	---	--	---	--	---	--	---	--	---	--

3. Enter the **Course ID number** (See your instructor for Course ID number.)

Course ID Number \_\_\_\_\_

4. Fill in the requested information and create your unique Login Name and Password. It's recommended that you use your PJC Pirate email address as your login name.

**Login Name** \_\_\_\_\_ **Password** \_\_\_\_\_

5. Return to <http://www.coursecompass.com> and log in. At the Welcome page, click on the course you are taking.

Note: The first time you enter the site from your home computer **and** any time you use a new computer, it may be necessary to click on the **Installation Wizard**. *Any required software is already installed in the school lab.*

**Need Technical Help?** Call Tech Support at 800-677-6337, Mon – Fri 7am – 7pm, Sun 4pm – 11 pm Central Time.
